- Wesley United Methodist Campus Ministry invites all interested students and faculty to the kick off picnic, Thursday, Aug. 23 from 6-9 p.m. behind the pool. Food and fun for all. Call Dawn Liphart for information x2468.

- The Brevard Campus will host a fall reception Friday, Sept. 7, for faculty. President Steven Altman and Provost Richard Astro will address the group.

- Walkers young and old are invited to join in a Sept. 2 stroll through the University of Central Florida campus hosted by the Student Wellness Advocate Team (SWAT). The 6.2 mile VolksMarch, sponsored by the Mid-Florida Milers of Central Florida, begins and ends at Lake Claire. There is no charge, and no time limit. The event will extend from 7 a.m. til noon. For additional information, call the UCF Health Resource Center at 407/281-5841. Pre-registration is not necessary.

## Enrollment Up As Fall Classes Begin

UCF marked the start of its 23rd year of classes with the fifth largest enrollment increase in its history and more than two dozen new faculty positions to help meet the growth.

A preliminary head count based on registrations produced an estimated enrollment total of 21,500 students, 1,416 more than last year's final Fall figure.

Students, faculty and staff arriving on the main campus were greeted by more than 800 additional parking spaces than were available at the start of the '89-'90 academic year. They also found new roads and sidewalks, a higher profile arena and arts complex thanks to construction progress over the summer, and a newly-occupied police headquarters close to the physical plant complex on Libra Drive.

The loss of parking spaces around the art complex due to building activity was more than made up by the addition of temporary parking on what eventually will be a mall between the arena and Pegasus Circle, the completion last year of the paved lot near the education building and other smaller projects.

The new arena mall parking can be reached directly from Alafaya Trail by the newly completed Gemini Boulevard North.

Not surprisingly, the enrollment increase caused campus dorms to be oversubscribed long before classes started. The privately-owned Collegiate Inn on University Boulevard,

operating in its first year, was filled to near capacity.

Concentrated effort during the past year to create greater ethnic diversity in instructional ranks resulted in more than doubling the number of African-American teaching faculty. The total number of minority students increased as well, rising from a total of 2,457 to 2,775, according to a preliminary count. The percentage of African-American students rose to nearly 4 percent, from 3.7 percent, while the percentage of Hispanic students jumped nearly a point, to almost 6 percent.

The estimated incoming freshman class of some 1,350 first-time-in-college students arrived with academic credentials that included a combined Scholastic Aptitude Test score average of 1,041 and a high school grade point average of 3.3 in academic subjects. According to the preliminary data, 47 National Merit Scholars are enrolled, up one from last year's university-wide total. In addition, two National Achievement Scholars and two National Hispanic Students are attending UCF. UCF's film program, the only new degree program offered during the academic year, started its inaugural season with some 30 students admitted to the limited-access baccalaureate.

Branch campuses likewise broadened their educational services. Course offerings were expanded at Daytona, Brevard and South Orlando

— with the aid of live TV in one case. Courses in statistics, business calculus and computer fundamentals originating on the main campus are to be beamed to South Orlando, as well as Valencia Community College sites. UCF's Daytona Beach campus began offering an MBA program, while Brevard started serving up a master's degree in speech and language pathology. Brevard also will inaugurate a "space academy" for public school teachers at the U.S. Space Camp at Cape Canaveral, where the instructional focus will be on the space sciences.

## UCF, NASA Launch Master's Program

The ties that link UCF and NASA will be further strengthened when 60 selected employees at Kennedy Space Center begin a 2-year program leading to a master's degree in engineering management.

The new program, which began Aug. 21 at KSC, is being offered by UCF's industrial engineering and management systems department, which has been conducting joint research with NASA for a number of years.

The master's degree program consists of two class sessions a week for two years. The courses are the result of an expressed need by the space center for trained mid-level managers capable of taking over from those leaving through retirement or transfer over the next several years, said UCF's industrial engineering chair.

"The program also complements some of the research we have been working on with NASA," Swart said. Two major projects in that category are exploring methods to enhance space shuttle turn-around time, and risk analysis studies.

Checks totalling \$13,000 are presented to President Steven Altman by Carol Todini, ex. dir., Central Florida Area Health Education Center, to use in planning UCF student participation in rural health care centers. On hand are Jo Edwards, health science chair, left, and Janice Bain, library, who will work with the center to identify periodicals and journals.

Next Issue Of The UCF Report is Sept. 5 • Deadline Aug. 29

# Official Memorandums

Publication of these memorandums and announcements about University policy and procedure constitutes official notice to faculty and staff.

**To:** UCF Community  
**From:** Louis M. Trefonas, graduate dean  
**Subject:** Volume 9, 1989-1990  
Research and Scholarly Activities

In the past, these annual volumes have covered research and scholarly activities from July 1 to the following June 30 for the period specified. I have been asked by two of the colleges involved, if the time period could instead run from April 1 to March 31. The "year" involved would then coincide with the annual Faculty Evaluation Period and data which has already been accumulated could be used for both reports. Although this would present some problems for me in the first transition year, there would be no problems after that.

Thus, I am requesting the appropriate data from each of the colleges (and other units) for Volume 9 for the one year period from April 1, 1989 through March 31, 1990. I would like to have this information before the beginning of the Fall 1990 semester.

If you have any questions, comments or suggestions please call me at x2197.

**To:** UCF Community  
**From:** Louis M. Trefonas, graduate dean  
**Subject:** Faculty Travel Support

The Ad-Hoc Review Committee for Faculty Travel has met and awarded a total of \$36,096 to faculty members for support of their travel for the period of July 1, 1989 through June 30, 1990.

Submission of requests for travel during the period specified below should be reviewed in my office by the indicated deadline dates.

Travel Period Request Deadline  
July 1, 1990 - Dec. 31, 1990  
Oct. 12, 1990  
Jan. 1, 1991 - March 31, 1991  
Feb. 15, 1991  
April 1, 1991 - June 30, 1991  
May 10, 1991

Requests must be submitted on the form "Application for Funds to Support Faculty Travel," which are available from Marilyn Porthouse in my office.

Requests will be considered only from individuals who occupy tenure or tenure-earning lines and who have, in advance, obtained a commitment for partial support at the department level or from alternative funding sources. Financial limitations dictate that only requests from individuals who will present papers or equivalent kinds of scholarly creativity can be considered for awards. The committee supports the expense of airfare up to \$400 for one trip per year for each qualified applicant.

If you have questions which concern the request, please contact Marilyn Porthouse, Adm 146, x2197.

**To:** Faculty  
**From:** Shidro Jones, Reserves Clerk, Library  
**Subject:** Course Reserves

Materials to be placed on course reserve for the Fall Semester '90 should be brought to the library as soon as possible in order that processing may be completed before the material is requested by your students. Guidelines and the forms to be used for placing materials on reserve have been mailed. Please let us know if you did not receive them.

Please read the guidelines, including copyright compliance requirements, carefully and provide the requested information to avoid incurring delays in processing your materials.

The reserves office is open from 8 a.m. - 4 p.m., Monday-Friday. Materials to be placed on reserve may be given to circulation desk personnel when the reserves office is closed. Please call with any question at 281-5209.

**From:** UCF Safety Committee  
**Subject:** Safety Procedures

In the event of a fire alarm remember the following:

1. All persons are required to exit the building as soon as the fire alarm sounds.
2. Gather minimum personal belongings and exit the building immediately, using the nearest stairwell.
3. Close all doors behind you. Doors help contain a fire.
4. Never attempt to use an elevator during a fire alarm.
5. Assist handicapped persons, if needed, to the nearest stairwell and notify police/firemen where the handicapped person is located so they can assist in evacuating the person. Never attempt to move a person in a wheelchair down stairs yourself.
6. Do not stand around the exits, move 300 feet away from the building.
7. The fire alarm will not be turned off until the cause of the alarm has been determined. When the alarm stops, it is safe to reenter the building.

When faced with a fire:

1. If you cannot contain the fire within 30 seconds, get out of the room and close the door behind you, but do not lock it. Close every door behind you as you exit

- the building.
2. Crawl, if there's smoke.
3. Before opening any doors, feel the metal knob. If it's hot, don't open the door. If the door is cool, brace yourself against the door. Open the door slightly, and if heat or thick smoke is present, close the door and stay in the room.
4. If your clothes catch on fire, drop and roll to extinguish the flames.
5. If the fire alarm is not already sounding, set off the fire alarm as you exit the building and notify the UCF police from a safe location using the 911 phone number.

**From:** Phyllis Ruscella, Reference Department, Library  
**Subject:** Library Program

The library is asking all faculty to inform their students of a class being offered at the library to familiarize new transfer students with the library resources and services. Brochures detailing dates, times and location are available at the reference desk on the second floor of the library. We would appreciate your efforts in promoting this optional instruction program designed especially to meet the needs of transfer students.

For additional information contact Phyllis Ruscella at x2590

**From:** John R. Bolte, Vice President, Administration and Finance  
**Subject:** New Procedures for Express Mail

Increased costs and the State Comptroller's requirement that a master agreement be established for the use of Federal Express and other overnight express mail have resulted in the development of an SUS cooperative bid agreement for the use of express mail. Through the bid process, DHL submitted the lowest bid for express mail services and all universities will use this service. Effective immediately, DHL will be our official overnight express mail courier and will place express mail boxes at all locations where Federal Express boxes are currently installed. Even though some inconvenience may be experienced during this changeover period, it should be noted that DHL price of \$7.50 per package for up to 15 oz. is a substantial savings when compared to the \$9.00 per package rate currently being charged. If your package is deposited by 6:30 p.m., DHL has guaranteed overnight delivery and receipt at its destination by 10:30 a.m. the following morning.

If you have any questions or concerns about this new procedure, please contact bunkie Horton or Jack Winstead at x2661.

## 1990 Enrollment Information For Insurance And Benefits Plan

1990 open enrollment, for State Health and Life Insurance and the Florida Flexible Benefits Plan, has been scheduled for the month of October. Staff of the Division of State Employees' Insurance will be conducting in-field training sessions beginning Monday, Sept. 17 and concluding Friday, Oct. 19.

All State of Florida employees are encouraged to attend one of the 170 meetings to be held in 30 cities throughout Florida. Retirees currently participating in the State Group Insurance Plan are also invited to attend the open enrollment training session.

Open enrollment packets will be mailed to each employer, during early September, at their home address. Addresses will be taken from

the W-4 cards on file with the Comptroller's office.

Anyone who has recently moved or is expecting to move during this time or who may have forgotten to complete a new W-4 card in the past is encouraged to do so as soon as possible. W-4 cards are available in each personnel office.

Updates must be received by the Comptroller's office in time to be processed no later than the end of August.

In order to serve you better DSEI will have the following toll-free telephone number available to answer your questions during open enrollment; 1-800-226-DSEI. This number will be in service Monday through Friday, 8 a.m.-5 p.m., beginning Sept. 17 through Oct. 31.

**From:** Maxine Bowers, Training Manager  
**Subject:** Phase II of Interviewer Certification Training

Beginning with the Cultural Diversity Convocation last January, the training section of personnel services, along with the EEO/AA office, has offered a variety of programs throughout the spring and summer which focused on cultural diversity. The cultural changes in the workplace we are experiencing and will continue to experience into the 21st Century are a vital topic for discussion. I want to commend the more than 300 UCF employees who attended these programs in order to learn how to enhance UCF's multicultural climate.

In addition to highlighting our changing diversity, these programs also served as completion of Phase II of the interviewer certification series. Certificates have been issued to all participants who notified personnel of their attendance. If you attended one or more of the programs and have not received a certificate of completion, please call me at x2771.
